EMI

The school aims to develop trilingual and biliterate competence in students. Apart from regular English classes, students are given the opportunity to immerse themselves in an English environment through music and games at the English Lounge. The English Ambassadors engage the whole school in building a conducive English-speaking environment. Annual events, such as English Reading Weeks and Fun Days, are held to nurture reading habits and develop an interest in language and literature. Students are also given opportunities to exercise their creativity and showcase their exemplary work through exhibitions and interactive games.

校方致力培育學生兩文三語的能力，除常規英語課外，學生可透過「英語天地」播放的音樂、遊戲活動以及英語大使共同營造理想的英語交流語境，帶動全校師生沉浸於英語環境之中。本校每年均會舉辦「英語閱讀周」及「英語同樂日」等年度盛事，旨在培養學生閱讀習慣，並激發他們對語言及文學的興趣；期間，學生亦發揮創意，透過設計各類展覽及互動遊戲，展現學習成果。

AI in Education

By aligning with students' interests, the school curriculum is continuously updated to meet changing societal needs. Through the adoption of the school-based Integrated Science curriculum, project learning and Language Across the Curriculum, students' generic skills such as creative thinking, critical thinking and communication skills can be enhanced. The implementation of the whole-school BYOD initiative facilities eLearning and the acquisition of AI literacy, which prepares our students for a future that demands digital capability, adaptability, and responsible use of technology.

初中有校本綜合科學科、專題研習、跨學科英語課程，培養學生創造力、明辨思維能力及溝通能力。為推動電子學習及培養學生人工智能素養，本校已全面推行「電子學習自攜裝置計劃」。

Holistic Student Support and Growth
全人學生支援與成長

Values Education

The school places emphasis on values education, which we see as the cornerstone of holistic education. Dedicated to nurturing students' character, we have identified "Values Education" as one of school's major concerns. Guided by the school motto of "Live by the Truth in Love", we instill in our students positive values and attitudes, such as gratitude, respect and commitment, through comprehensive teaching and learning experiences across all subject areas, as well as extended learning days and extra-curricular activities.

In addition, our school focuses on broadening students' horizons by creating numerous opportunities for exposure that nurture global citizenship, and strengthen civic awareness. Through diverse initiatives, we encourage students to reach out and serve the community, preparing them to be active, conscientious global citizens.

價值觀教育是全人教育的重要元素，本校積極推展價值觀教育，以校訓「力行仁愛 實踐真理」為綱領，輔以感恩、尊重、承擔為核心元素，通過各學習領域的學與教，「延伸學習活動日」以及其他相關的學習經歷，以體驗式學習活動擴闊學生視野，幫助學生發掘個人興趣，提升其領袖才能、溝通等技巧，培育學生正確的價值觀和態度，培養全球公民意識。

Education is the moulding of the heart.

Mental Well-being

Students' mental well-being is a vital part of student growth. Held throughout the school year, the Mental Health Wellness Programme raises students' awareness of mental health, equips them with skills to better manage their emotions, and offers a series of activities to relieve stress and improve their overall well-being.

心理健康是學生成長至關重要的一部分。為提高學生對心理健康的認識，幫助她們管理自己情緒和表達想法，本校全年持續推廣一系列活動及計劃緩解學生壓力。

Shine Beyond the Classroom
課堂外・璀璨舞台

The school features four houses, various sports teams, and 20 clubs—including Religious, Service and Uniform, and Cultural & Interest groups—allowing students to shine beyond the classroom. In order to cultivate a spirit of service and a stronger sense of responsibility, every S1 student is required to join one uniform / service group.

本校設有四社、校隊、二十個學會及興趣小組，主要分為宗教小組、服務及紀律團體、文化及興趣小組，並由學生會負責統籌工作，讓學生能在課堂以外找到另一個發光發熱的舞台。此外，為了培養學生的責任感及服務精神，中一級學生必須參加一個紀律或服務團體。
