

## ***What Can We Buy With Money?***

Money, money, what can we buy with it?

Cars, beds, clothes, accessories, drinks and food.

Money, money, what can we buy with it?

Books, shoes, paper and many other goods

Money, money what can we buy with it?

You can buy your friends an expensive gift.

Money, money what can we buy with it?

Buy a car to give your friends a nice lift.

But with money, what things can we not buy?

The respect of our friends we cannot buy.

And with money, what things can we not buy?

The hearts of our friends or we force them to lie.

With money, we can buy a lot of things

But respect and the heart money won't bring.
